The 19 colours in this palette are shown with a smooth aspect, a leathergrain and a Solano® logo emboss pattern. The Solano® logo emboss is only available on the Solano® 30. For the other emboss patterns (grained, medium striped, fine striped and woodgrain), please contact our local sales representative.

The mentioned codes are unique ArcelorMittal references.

NB: Although we have taken great care to reproduce the colours and emboss patterns in this palette, we cannot guarantee that they are a perfect representation. Consequently, these printed colours and patterns can only serve as a guide. For samples you can see and feel, please contact our local sales representative.

Solano[®], a wide range of colours

ArcelorMittal's Solano[®] range of organic coated steels are available in a rich diversity of colours and emboss patterns. This is one of the outstanding advantages of organic coated steel. To help you make your choice, ArcelorMittal offers a wide range of colours to suit your taste and your budget. Diversity and originality will be your trademark.

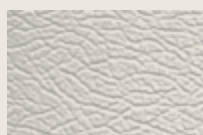

The Solano[®] 30 coatings are made with resins and pigments with excellent resistance to UV rays, so that we can guarantee a very good colour fastness (see the legal document "Solano[®] Automatic Guarantee").
